I had a talk with [redacted] 25X1

[redacted] 25X1 Concerning

a burial program at Churchill, Canada

by [redacted] 25X1 It seems that

[redacted] 25X1 only function is to witness

tests and compile data. Anything

that they do is covered by an

Army contract and this contract

would have to be revised to

permit them to use the Army

facilities for burial

[redacted] 25X1 feel

that it would be easier and

better to let Rock Island

Arsenal, already in packaging

evaluation & testing, do the packaging

and burial.

The summation of the situation

seems to be that ORD is not too

keen on altering their contract

and letting [redacted] 25X1 run a program

at Churchill. Alternately [redacted] 25X1

is willing thru Rock Island to

sponsor a program at Churchill

If we decide to go thru with this I am in favor of not proceeding with having SP run a burial program in Alaska.
